

PASS JONES' BILL
FOR FREE SILVERVOTE WILL STAND 36 FOR AND
27 AGAINST.Discussion Was Still Going On at 2:30
O'clock But a Poll of the House
Stood as Above—Block Appropriation
Bills—Extra Session Possible
—For a Cable to Hawaii.

Washington, Feb. 19.—The discussion on the Jones free silver bill is still going on and the vote will probably stand thirty-six for and twenty-seven against the bill. By a vote of thirty to twenty-seven the senate, before adjournment last evening decided to take up the Jones bill for the unlimited coinage of silver to the government to retain the seigniorage as profit. The effect of this movement of the silver men will become apparent to-night. If the eastern senators decide to filibuster it means a deadlock, the failure of the appropriation bills and an extra session beyond the possibility of a doubt. The sundry civil appropriation bill, with the Allison-Gorman amendment, cannot be reached until the coinage question is disposed of. If the sundry civil bill goes by the board it carries with it all the riders. The silver men who will be willing to deadlock the senate and force an extra session do not number over twenty. More than half their number is asserted will desert if the issue of killing the appropriation bill is forced. If it is decided to let the measure come to a vote to-day all will be plain sailing, for the coinage bill will be passed as an independent measure, and when the sundry civil bill with the Allison-Gorman amendments would have a free field.

MONEY IN THE SENATE.

Administration and Anti Forces Engage
in Discussion.

Washington, Feb. 19.—The senate was a center of interest yesterday—a result of the warm discussion of the financial question and the personal criticisms of the President (pop. Nev.) was the first to continue the criticisms of the bond contract. His resolution was called up declaring that the government had no legal authority to buy gold coin in preference to silver coin for any cause whatever. Mr. Stewart spoke of the humiliating position of the United States in being held by the throat by a gold commission which had the power to "coerce and squeeze" the country up to next October, when the contract expired.

Mr. Gray (dem., Del.) who is recognized as close to the officials of the administration, then took the floor. He expressed surprise that the senators from Massachusetts (Lodge) and Colorado (Volcott) had so far gone out of their way to indulge in a violent assault upon the executive. The President had performed a duty incumbent on him by law. That law was such that an evasion of it would have been a plain dereliction of duty. Congress had made this law. It made it necessary to maintain the parity between the metals by redeeming in either. No sooner had congress assembled than the President appealed to congress concerning the financial conditions. A bill was framed on the lines suggested by that message and the house saw fit to reject it. Again the President applied to congress. Mr. Gray read from the President's message urging patriotic and unpartisan action to meet the emergency.

"Having thus applied to congress," continued Mr. Gray, "having thus presented the situation to both branches of congress—in appeals almost pathetic in their earnestness—the President has left alone to struggle with the condition and meet it." The senator told of the tremendous drains of gold from the treasury, running up to \$7,000,000 in one week shortly before this contract was made. From Dec. 1 last up to the time of this contract \$17,000,000 was withdrawn, and this only half was reported, showing the other half was hoarded at home.

"Has the senator lost sight of the fact," asked Mr. Walcott, "that the secretary of the treasury has reported to us that he has used \$105,000,000 of that gold for current expenses?" This did not divert Mr. Gray from his line of argument as to the gold withdrawal for export and for hoarding at home.

"Right here I want to ask," said Mr. Peffer, "is there any law which compels the secretary of the treasury to pay demands in gold instead of in silver?"

"I have not said there was any such law," replied Mr. Gray. "I know of no such law. But the obligation to maintain the parity between the metals makes it absolutely incumbent to treat these metals equally."

Mr. Hill rose at this point to say the question of Mr. Walcott should not go unanswered. The secretary of the treasury had not reported to the senate, said Mr. Hill, that he had used \$105,000,000 of the gold for current expenses.

Mr. Teller wanted to read the secretary's report, but Mr. Gray would not yield.

"And this drain of gold continued," resumed Mr. Gray, "until the sub-treasurer at New York reported that he could not hold the gold any longer. Then came the great question: Was the country going to a silver basis between sundown and sunup, or was it to secure the gold absolutely necessary to maintain the parity and exchange ability between the two metals? What would you have said if the President had not met that emergency and performed his duty? Would we have heard such animadversions, such as those of Saturday, for not rescuing the country from the grave crisis then presented? Action was imperative, and quick action. It was to be done in twenty-four hours. What time was there to advertise for bids for gold? Mr. Gray forcibly urged the gravity of the condition which compelled speedy action and an appeal to those who had the gold.

Replying to a query by Mr. Stewart, Mr. Gray declared that if he accepted the contents of the Nevada senator's United States would write in its bonds, "These bonds payable in silver, if silver is at a discount."

Mr. Hoar (rep., Mass.) asked if it was decent that the contract had been so made as to bring into question the good faith of the government.

Mr. Gray vigorously resented the use of the word "decent" as a part of this line of attack on the President.

Mr. Hoar modified the query so as to ask whether "it was reasonable" that

discourse should be taken.

Mr. Gray declared the real attacks on the credit of the country were not from the President, but from Senators who proclaimed their criticisms to the world. Mr. Gray closed with much vigor. "We have been dumb during this great emergency," said he. "We have left the President to fight this battle alone for the credit and honor of the United States. And," said he, "the people of this country will not forget that the American congress deserted the President in the hour of trial."

Mr. Sherman (rep., Ohio) took up the thread of the financial debate, being accorded the closest attention. "The real question," said Mr. Sherman, "is: Shall this government pay its obligations in gold or in some other coin? I wish to point out that in every act, every loan, every sale of bonds since 1869 this government has demanded gold. And now we are to refuse to pay these obligations in the same coin we received for them? If this question is fairly presented and understood by the people no honest man will say we should pay in any coin other than that we received."

Mr. Sherman read the law of 1869 solemnly pledging the faith of the government to pay in coin. What coin, he asked, was existing in that time, and why were they not paid in that coin? It was gold, which at that time was the only standard coin. Gold was the only possible "coin" in contemplation at that time.

Mr. Sherman took up the 4½ bonds issued by Secretary of the Treasury Morrill and read the language that the proceeds of them were to be paid in gold. "The same provision was made as to the bonds issued by him (Sherman) while secretary of the treasury. To say that such bonds, for which gold was received, should not be paid in gold is the same as saying that the bonds issued by the government should not be paid in gold. And let me say to the senators," declared Mr. Sherman earnestly, "these bonds will never be worth less than their value when they were sold. We received gold for them; we will pay gold for them. The people of the United States will resent any dishonor on the United States in seeking to pay its obligations in money of less value than we received."

Mr. Sherman turned his attention to the President and the secretary of the treasury. "The senator from Delaware" (Mr. Gray), said Mr. Sherman, "seeks to defend the President. But what shall this be? The President has no power over bonds. He has no business with them. The secretary of the treasury is the only one authorized to issue bonds or to conduct negotiations. The President has no more power as to bonds than he has to sink the senator's sea in the senate chamber."

Referring to the recent bond contract Mr. Sherman said: "I must say, and I do not like to say it, for I have the highest personal regard for the integrity of the President and the secretary of the treasury, but I must say the last contract was most faulty. The United States, to deliver the bonds at the rate given was at least improvident. Within the next thirty years we would be able to redeem these bonds at half the rate of interest we had bound ourselves to pay. The senator from Delaware (Gray) had been solicitous as to the President's getting gold. 'Why,' said Mr. Sherman, 'there was no difficulty in getting gold from London or Berlin.'"

"And how," asked Mr. Gray, "is gold to be got except by buying it with bonds?"

Mr. Sherman said the manner of getting it was to get full value for our bonds. There has been no trouble over previous bond contracts. Then the executive officers followed the usual rule and sold at full value for our bonds. But the singular feature of the last transaction was that bonds should sell at 104½ when they were worth in comparison with our other bonds 120.

"Has the senator any market reports showing these quotations?" asked Mr. Gray.

"No," said Mr. Sherman, "but does not the senator know thirty year bonds are worth much more than those previously on the market?"

"Then," said Mr. Gray, "the senator is indulging in estimates and general speculation. He has no market reports to publish the rates he quotes." Mr. Sherman said the bond contract, while improvident, would not ruin or break the United States, but it was a hard bargain wrung from our officials. "No issue of bonds should be made," said Mr. Sherman, "except to the people of the United States. If a reasonable proposition had been made to our own people, and they had been asked to take the bonds, they would have found the gold to pay for them. We have the men in New York, Boston, Philadelphia and Chicago, who, being applied to, could cover any bond issue at their full value. We have no need to look abroad."

Mr. Sherman closed by saying he had not intended any personal criticism of the President or of the secretary of the treasury. "They have made a bad bargain," he said, "and the senator, but, being a bargain, we must live up to it."

The agricultural appropriation bill was then taken up and a long debate occurred on the committee amendment striking out the \$15,000 for irrigating purposes, but it was retained.

Mr. Allen (pop., Neb.) offered an amendment appropriating \$200,000 for seed, materials, etc., for the drought sufferers throughout the country, particularly in the Dakotas, Nebraska, Colorado and Kansas. He said the suffering and loss was much more severe than was generally known. Many amendments were offered to the bill, and on a ye and nay vote all the amendments to help drought, fire and frost sufferers were held to be out of order.

The agricultural appropriation bill was then passed. Immediately there was an effort from every quarter of the chamber to get the recognition of the chair. It was clearly a race between the silver bill, the appropriation bills and the pooling bill. Mr. Jones of Arkansas, in charge of the silver measure, succeeded in getting first recognition, and moved to take up the silver bill. The effect of this, if adopted, was to displace the bankruptcy bill and all other measures and bring the silver bill to the front for a struggle and a vote. Mr. Hale of Maine moved to adjourn. There was an aye and nay vote, the friends of the silver bill voting against adjournment—yeas 18, nays 36—a signal victory for the silver men.

Mr. Gorman came forward at this point with a movement to get the appropriation bill ahead of the silver bill. He urged that the Indian appropriation bill be taken up. Mr. Call having made a motion to that effect, Mr. Gorman cited the rules that a motion to take up an appropriation bill was specially privileged. The vice-president held the motion of Mr. Call to be in order. Thereupon a ye and nay vote was taken on his motion to take up the Indian bill. Mr. Butler gave notice that if the motion was defeated he would seek to take up the pooling bill.

The motion was defeated—yeas 26, nays 30—and the silver men were again victorious. The yeas and nays were then taken on the direct question of taking up the silver bill according to Mr. Jones' motion, and the silver men gained their point—yeas 30, nays 27. Analysis of the vote for taking up the silver bill: Democrats, 16; republicans, 10; populists, 4. Against: Democrats, 12; republicans, 15.

A FIRE AT BELMONT

HEAVY LOSS.Dry Goods Store and Saloon Destroyed
and the Whole City Was Threatened—Banker Mead of Sparta
Wants to Compromise—Marquette
Menominee Warfare Settled.

Belmont, Wis., Feb. 19.—Fire this morning destroyed Henry Roscher's dry goods store and building and McCoy & McGuigan's saloon. The loss was total and will reach \$9,000 with an insurance of \$4,000. The town was threatened for a time and other buildings were scorched.

Sparta, Feb. 19.—Banker M. A. Thayer is endeavoring to effect a settlement of the claims of the depositors against him on the basis of forty cents on the dollar. A meeting of the depositors is set for February 22 to decide. Should they refuse Thayer will carry the suits to the supreme court.

Marquette, Feb. 19.—The bridge fight at Marquette is practically settled. The Menominee council decided to repair the bridge and the question of boundary lines will probably be settled soon as the business men demand a settlement at once.

Measure for a Cable to Hawaii.
Washington, Feb. 19.—In the senate yesterday Senator Perkins introduced a bill for the incorporation of the International Pacific Cable company for the purpose of laying a telegraphic cable from California to the Hawaiian Islands and thence to Japan, the Asiatic coast and Australia.

In the sundry civil bill the senate committee has made some changes. The house provision making the appropriation for rivers and harbors immediately available is stricken out.

The entire appropriation made by the sundry civil bill as reported is \$4,559,145, an increase of \$2,521,424 over the amount in the bill as reported by the committee. This increase does not include an estimate for paying the sugar bounty claims.

IN THE HOUSE.

Bill to Equalize the Pensions of Mex-
ican Veterans Passed.

Washington, Feb. 19.—In the house yesterday the bill to equalize the pension of Mexican veterans was passed on a viva voce vote.

Mr. Lynch (dem., Wis.), from the committee on Indian affairs, was recognized to move the passage of a bill to authorize the reconstruction of certain dams across the St. Louis and Coquet rivers in Minnesota. The vote resulted 124-32. Two thirds not having voted in the affirmative the bill was lost.

On motion of Mr. Talbot the house went into a committee of the whole and resumed consideration of the naval appropriation bill. Almost an hour was spent in the discussion of points of order, but the chairman (O'Neill, Mass.) decided to reserve his decision until to-day. The committee then arose and the house adjourned.

MANY CLUBS IN ONE.

Delegates to the National Council of
Women in Session.

Washington, Feb. 19.—The formal opening of the second triennial session of the National Council of Women of the United States began at the Metropolitan Hotel yesterday. Mrs. May Wright Sewall, its president, calling the meeting to order. The council is a representative body, composed of delegates from all the various associations of women throughout the country. Among the twenty associations represented are the woman suffragists, the W. C. T. U., Universal Peace Union, Kindergarten Union, various social, religious and literary societies, the National Council of Jewish Women, American Anti-Slavery Society and various local councils of women. The triennial address of President May Wright Sewall of Indiana was given.

In the afternoon a reception was held at the Ebbitt House, at which the officers and ex-officio officers and ex-officio vice-presidents of the council greeted the delegates and visitors attending the triennial.

Religion was the topic that had been set for addresses to be given at the evening session. Mrs. Isabelle Charles Dyer of New York, recording secretary of the council, read a report giving an abstract of the work of the standing committees of the council to secure the recognition of women in church conferences.

Mrs. Mary Dickinson of New York then spoke on the attitude of the leading religious denominations toward women's growing service in the churches. She condemned the limits still imposed upon her by many denominations. After a few words from Mrs. Elizabeth U. Yates of the council adjourned until this morning.

Inventory of Ramsay's Estate.

Carlyle, Ill., Feb. 19.—The inventory of the estate of ex-treasurer Rufus Ramsay was filed in the county clerk's office yesterday by his son, E. P. Ramsay, administrator of the estate. The inventory shows a total of \$94,214. The value of the real estate is not given, but it will probably bring \$120,000 and is undiminished. The liabilities in this city to bank depositors will not exceed \$120,000. Putting the assets as per inventory at \$214,214, and allowing for all shrinkage in the valuation of real estate and bad notes, it will be seen that Mr. Ramsay's assets are fully ample to pay all his indebtedness here and have considerable money left. The ability of the estate to pay out now depends on whether Henry Seiter, the proprietor of the insolvent Lebanon bank, can pay the \$263,000 he borrowed of Ramsay when he was treasurer and which the bondsmen had to make good.

Dole Is for Lenity.

Washington, Feb. 19.—Mail advices received at the Hawaiian embassy here are that the trials of the principals engaged in the recent uprising have been concluded, and the natives at last accounts were being tried in groups of a dozen or more. Trials of the ex-queen and the ringleaders of the rebellion have been concluded, but no decision has been reached. From the tenor of the letters received at the legation it is not believed President Dole will sanction any harsh measures, such as capital punishment, nor will torture be tolerated.

Shanklin for Gray's Mission.

Indianapolis, Ind., Feb. 19.—A meeting was held behind closed doors last night by a number of leading democrats, in which it was decided to send Mr. Taggart to Washington to urge the claims of John G. Shanklin for the Mexican mission. Mr. Taggart has left for Washington.

FIVE MEN KILLED IN A MINE.

Fatal Accident From a Gas Explosion
at Ashland, Pa.

Ashland, Pa., Feb. 19.—An explosion of gas, which will probably result in the death of at least eleven miners, occurred at half past 10 o'clock yesterday morning in the West Beardside mine at Mahan's place. Five men have been taken out dead and some so badly injured that their lives are despaired of.

The dead are:
Durkin, Thomas, aged 35, leaving a widow.

Grenbach, Peter, aged 40, widow and four children.

Kline, Peter, aged 40 years, leaves wife and six children.

Pitts, Joseph, aged 20, unmarried.

Reed, Bernard, aged 40, widow and five children.

The seriously injured are:
Davis, Edward, Glendenville.

Goff, William, Ashland.

Laney, John.

Meeyers, Anthony.

Minish, William.

Besides these several other miners were badly burned.

A gang of men were engaged in driving air course when they broke through into a breast containing a large volume of gas. This was immediately ignited by their lamps and an explosion followed. The timbers in the air course caught fire and all means of escape were cut off. Some of the dead men were burned beyond recognition. The mine is still on fire and an effort is being made to extinguish the flames by means of a hose to the water main.

Throws Six Hundred Out of Work.

Scranton, Pa., Feb. 19.—Fire last evening consumed the large breaker of William Connell & Co. at Connelton. The loss is \$100,000. Six hundred men and boys are thrown out of employment.

TO MEET AT ASBURY.

League of American Wheelmen Fixes a
Place—The Officers.

New York, Feb. 19.—Cyclists took possession of Grand Union Hotel yesterday. They were in attendance upon the fourteenth annual convention of the League of American Wheelmen. There were 125 delegates present. They represented nearly every state and territory in the union. Many surprises developed throughout the session, notably the defeat of A. Billingsly, the Illinois candidate for the vice-presidency, the withdrawal of the colored question and the award of the national meet to Asbury Park.

The secretary's report disclosed a loss of 10,339 members last year.

The treasurer's report showed that the league's finances were at a low ebb. The report of the auditing committee condemned the lax business methods and objected to the president and secretary making their expenses out of money on hand. The officers elected were: President, A. C. Wilson of Maryland; first vice-president, George A. Perkins of Massachusetts; second vice-president, A. C. Morrison of Milwaukee; treasurer, A. E. Merghenthaler of Ohio; by acclamation; auditing committee, J. B. Adams of Massachusetts, John J. Van Nort of Pennsylvania, and George R. Prout of Pennsylvania.

It was decided that candidates may be elected when endorsed by three reputable persons or two league members. The dues are fixed at \$1. Secs. 6 and 7 of Art. III. of the constitution were stricken out on Mr. Elliott's motion and in their stead was adopted the following: "A member may renew his membership at any time within sixty days of its expiration by the payment of his dues; beyond the sixty days he shall pay in addition to the annual dues of \$1 the sum of 15 cents for every month or fraction of a month that he is in arrears. The provision of this section shall apply to all memberships that have expired for a period not longer than two years." The convention then adjourned.

Uncle Sam and the Hawaiian Rebels.

Washington, Feb. 19.—I is positively denied at the state department that Secretary Gresham has intervened, especially in the case of Major Seward, one of the Americans under sentence of death at Honolulu for treason, or that he has addressed a special message on the subject to Minister Willis to be forwarded by the first steamer from Vancouver.

Big Rush of Bills in Michigan.

Lansing, Mich., Feb. 19.—The fifty days in which bills can be introduced in the legislature will expire to-morrow and the members are making a dash to get their bills introduced. The indications are the total number of bills to be introduced will equal, if not exceed, that of years ago, which was the largest in the history of the state.

Summon Chiefs to a Conference.

Peoria, Ill., Feb. 19.—F. P. Sargent, grand master of the Brotherhood of Locomotive Firemen, was called hastily to Washington last night by a telegram. During the day he received word of a dispute between the managers and employees of the Southern railway regarding wages.

TO DIVIDE THE WORK.

Appropriations Committee Has Too
Much Labor.

Washington, Feb. 19.—In a recent speech Senator Dubois gave intimation of a change in the rules of the senate. He said it had become very evident that the senate committee on appropriations was becoming overworked, and the time had arrived when the duties of that committee should be lightened by having the various appropriation bills divided among those committees which have jurisdiction over the subjects treated in them. This of course caused something of a stir in the appropriations committee. Beyond all question this committee is the most powerful in the senate. It handles every appropriation bill except the river and harbor bill, and this is only a biennial measure. In every other direction it is supreme. If a senator desires to secure an amendment to any of the various bills he is obliged to introduce it, then refer it to the committee having jurisdiction of the subject when appropriations are not concerned, and then have it reported and referred to the appropriations committee to be incorporated in the proper bill. This was the course pursued with the amendment appropriating \$500,000 for the Hawaiian cable, as well as a hundred other amendments, proposed this session.

Since the speech of Senator Dubois the feeling in the matter has grown as it has been talked about, and a proposition to change the rules in this particular is sure to meet with favor. It is proposed that all appropriation bills, save those known as the general bills treating of all subjects shall be referred to and handled by the committees as follows:

Agriculture—To the committee on agriculture.

Fortifications—To the committee on coast defense.

Rivers and harbors—As now, to the committee on commerce.

District of Columbia—To the District of Columbia committee.

Diplomatic and consular—To the committee on foreign relations.

Indian—To the committee on Indian affairs.

Army and navy, military academy bills—To the committee on military affairs.

Naval—To the committee on naval affairs.

Pensions—To the committee on pensions.

Postoffices—To the committee on post-offices and post roads.

This would leave the legislative, executive, sundry civil and all deficiency bills to be handled by the committee on appropriations, and by those who favor the change it is asserted that this will be ample for that committee. It is pointed out that during the consideration of the postoffice bill Senator Blackburn, who had it in charge, was unable to attend the conference on the diplomatic and consular bill, although the house conferees were ready to confer for three or four days. It is also claimed that the senators who serve on the other committees would be better able to handle the various subjects because of their intimate knowledge of the importance of these committees would be increased and, as a consequence, the importance of many senators. There would not then be struggles for places on appropriations and many senators, in caring for their particular interests, would be glad to leave on committees having charge of an appropriation bill in which they or their people were particularly interested.

The senate committee on appropriations consists of nine members and the argument is made that this is too small a number to have such power. To those nine the remainder of the senate must come for appropriations of every kind, except those relating to rivers and harbors. No man can get a place on this committee unless he has served a considerable time, although this unwritten law has been broken in one or two instances. No fault is found with the present committee but the argument is made that no committee should have so much power, and further, that the growth of the country and the increase in membership of the senate is a sufficient reason why the change should be made.

There may be some difficulty in bringing about a change. Two members of the committee on rules are members of the appropriations committee and a resolution to divide up the appropriations might meet with a great deal of opposition from this source. But the senators who are working for the change say can be brought about, as almost the entire membership of the committee to whom the various appropriations bills would be assigned in case the division was made are in favor of the change and are strong enough to carry it through.

IRWIN NOT GUILTY.

Blind Pool Operator, However, Ordered
to Pay the Costs of the Suit.

Pittsburg, Feb. 19.—The sealed verdict in the case against George M. Irwin, charged with obtaining money under false pretenses, was opened in court yesterday. It found the discretionary pool operator not guilty of the offense charged but ordered him to pay the costs of the case. There are several other charges hanging over Mr. Irwin's head but it is not known whether or not the failure to convict him on the present charge will cause the other cases to be abandoned. Mr. Irwin says that he will give up the blind pool operations but will continue speculation for himself and his friends.

Substitute Bill on Seal Question.

Washington, Feb. 19.—Chairman Wilson of the ways and means committee, yesterday made a report to the house upon the bill framed as a substitute for Representative Dingley's bill, and providing for the organization of an international commission to investigate the condition of the seal herds of the North Pacific and Behring seas, and authorizing the President to arrange a mod vivendi with Great Britain, Japan and Russia pending the report.

SHORT SESSIONSBILLS THAT WENT TO THEIR
THIRD READING.

One Authorizes Cities to Pay for Property Destroyed to Prevent the Spread of Contagious Diseases—Another Removes the Limit From State Superintendent's Salary.

Madison, Feb. 19.—The legislature held a short session this morning. The important bills passed to the third reading in the assembly were: Authorizing cities to pay for property destroyed to prevent the spread of contagious diseases; directing the state treasurer to refund the penalty tax collected from Washburn county for the failure of the county to pay a tax when due owing to the failure of a bank where their money was deposited; and a joint resolution for a constitutional amendment removing the limit of \$1,200 on the salary of the state superintendent.

HAYWARD DEFENSE HAS A DAY

Blix's Confession Do Not Go According to Miss Wachter's Story.

Minneapolis, Minn., Feb. 19.—After four long weeks of trial the defense in the Hayward trial had at last made a mark, and everybody smiled in a satisfied manner. Maggie Wachter, the star witness for the defense, fully came up to the expectations of Mr. Erwin in her testimony. She called Blix a liar, O'Dell a schemer to make money out of the county, and Assistant County Attorney Hall a bull-dozer and intimidator of women. Miss Wachter is the stenographer of Blix's trial and therefore was to testify that Blix had stated to his attorney in her presence that it was with Adry Hayward, and not with Harry, that he had consented to murder Miss Gine. The court had held that it was a communication between client and attorney and would therefore be inadmissible. After court adjourned Mr. Hall stated that there was not a word of truth in what she had stated about him. For the sake of impeachment Mr. Hall asked the witness if she had not told John A. Olson that if he would go to the defense and tell the jury something about the murder case he could make plenty of money. She denied it flatly. She was asked if she did not threaten Mr. O'Dell to make it hot for him, and if she did not say she had been offered money for Blix's statement. She said she was not sure she did not tell Olson that she knew something about the case, for O'Dell said something just as they were going out of Blix's cell. She denied all this flatly.

The other witnesses of the day were unimportant. Edward Goodsell will be on the stand this morning and will be followed by W. W. Hayward and the mother of the boys, then by Dr. Hayward. In the afternoon the whole time will be taken up in the reading of the depositions from Illinois relative to the insanity existing in the family. It is voluminous and will take some time to submit to the court. The defense expects to establish a complete alibi for the defendant from 1 until 10:30 p. m. the day of the murder.

ILLINOIS LEGISLATURE.

New City Government Provided for Chi-
cago.

Springfield, Ill., Feb. 19.—There will be introduced simultaneously in the house and senate today a measure that of passed will reorganize the city government of Chicago. By its provisions the city will be almost in the absolute control of the mayor, instead of departments as they now exist. The mayor will have a cabinet similar to that of the President of the United States, to be known as the board of control. The salary of the mayor is to be \$10,000 and the heads of departments \$8,000 a year. The salaries of aldermen are to be \$2,500 a year, and they will not be allowed to hold any other position. The mayor is to have power to remove any of his cabinet at any time, and is given an absolute veto power.

There being no quorum in the house yesterday an adjournment was taken until to-day.

In the senate, with nine members present, Senator Crawford, by unanimous consent, introduced a bill that provides for a radical change in the distribution of offices by the board of commissioners of Cook county. The bill, among other changes, contemplates the appointment of a committee on civil service.

Senator Munroe in a few days will introduce in the senate a bill amending the insurance laws. This bill abolishes all competition, and those who insure can have no preference of rates in any company.

Quite a Stir at Formosa.

Hong Kong, Feb. 19.—The British cruiser Mercury has been suddenly dispatched from this port to the island of Formosa in response to an urgent appeal sent by the British consul there for the presence of a warship.

The consul said the vessel was needed for the protection of foreigners. The Mercury is a cruiser of 3,000 tons and carries thirteen guns.

No News of the Steamer Istrian.

WHAT JANESVILLE NEIGHBORS DID THIS WEEK.

Milton Revival Meetings Will Not Stop—Breezy Letters From Lima, Clinton, Turtle Clinton, South Clinton, North Johnstown and Many Other County Villages and Towns.

MILTON, Feb. 19.—In response to a general desire the gospel meetings continue this week, instead of closing last Sunday evening as announced. On Monday evening there was a young men's meeting at G. A. R. hall and a young women's meeting at the King's Daughters' rooms and similar meetings will be held tomorrow evening. In accordance with the expressed desire of those most interested we are entirely "mum" on the "tip over" topic. Mrs. Nash, an aged lady who has been confined to her bed for months, died Friday at the residence of her daughter, Mrs. Roe. Mrs. H. L. Davis, so long a resident here, now of Orange, Cal., was her daughter. The funeral arrangements have not been decided upon at the time we wrote. A goodly number of Milton ladies are trying to win a portion of the thousand dollars offered by the Chicago Record in its murder guessing contest. Eight persons offered themselves for membership in the Seventh-Day Baptist church Saturday morning. Dr. Spencer, the electric belt man, opens this evening at Goodrich's hall, with free entertainments, to advertise his goods. The weather for a few days has been a very great improvement upon that of the preceding month. J. P. Towne, of Edgerton, did business here Saturday. Robert Skinner and wife, of Madison, spent Saturday with Milton relatives. Dr. C. E. Crandall, of the University of Chicago, visited relatives here Saturday and Sunday. Mrs. S. A. Hurlburt of Oak Park, Ill., has been the guest of Milton relatives. The grain market was quite lively last week and receipts large for this season of the year. Featherston Brothers shipped one carload of wheat, one of rye, one of oats, two of ear corn and three of barley. John B. Saunders of Morgan Park, Ill., visited his brother, H. C. Saunders, this week. Mr. and Mrs. Emory Burdick and Mr. Richardson, of Janesville, spent Sunday here. Milton "is not in it" in the list of jurors drawn for the April term of the circuit court. First time it has occurred for many years. Rev. Richard Miller is still confined to the house but is able to sit up a small part of the day and thinks he is making some improvement.

News of Lima Center.

LIMA CENTER, Feb. 19.—The band concert last Thursday evening was well attended, and a success financially, and all enjoyed it. They hope to be able to secure their services sometime in the near future. There will be preaching services at the Methodist church every evening this week except Saturday, and Wednesday evening there will be a union prayer meeting. All are invited. Isaac Loomer, of Milford, visited George Fellows last Thursday and Friday. A sleigh load of young people from here attended the North Johnstown ladies aid society last Wednesday evening, which was held at George Roe's. All had a good time. Miss Carrie Johnson spent part of last week at Rev. I. S. Jones. Z. Gilson is quite sick at present writing. Ezra Saxe and wife and Mrs. Glenman went to Whitewater last Friday to attend the funeral of Glen Dudley, who after four months sickness died with quick consumption. His childhood days were spent in this village. Last Wednesday thirty-three met with Mrs. William Truman at the United Brethren ladies sewing circle, dinner was served and all report a good time. Mrs. Fred Gould was called to Chicago last Friday by the illness of her daughter, Mrs. Marshall Teetsworth. G. and M. Wheeler remains very sick and as she is quite aged fears are entertained for her recovery.

South Turtle Small Talk.

SOUTH TURTLE, Feb. 19.—Rev. F. N. Dexter spoke in the Murray district Sabbath afternoon. Frank Crockett has been out of school for some two weeks. Miss Reimer of Beloit, has been visiting at Martin Reimer's. The death of Carl Jack has cast a gloom over the community. Charles Everett returned home from Canada not long since. Mrs. Freilinghison, a sister of Mrs. Brown's, was brought to Beloit for burial. Mrs. Giles and daughter Annie have both been on the sick list. Mr. Hall died and was buried from his home, some days ago. Mrs. Parley Isham is poorly. The Turtle Temperance club met at John Crockett's last Saturday evening and gave a fine program. An evening gathering at Sidney Wright's was the event of the week.

Gossip From Clinton.

CLINTON, Feb. 19.—The churches have united in a grand revival for some four or five weeks' duration. The lectures of Mr. Copeland and Mr. Berkey were most excellent. Mr. Springer's mother after some two months illness died at the home of her son. La Grippe is raging. The burning of the barn Friday evening caused much excitement. Some liquor suits are being tried and there is much excitement in consequence.

South Clinton Gossip.

SOUTH CLINTON, Feb. 19.—Miss Amelia Murdock of Humboldt, Iowa, is visiting at W. E. Dresser's. Mrs. E.

S. Westby may now be found at E. L. Benedict's. Mrs. Carrie Roth is much better. Edwin Dresser took a load of surprise party folks to Shoopers not long since. Mr. Peters and wife are rejoicing over a new boy. It seems good to have the thermometer stand a little nearer summer heat. Mrs. Bates has a sister visiting her. Arnold Hiker has been on the sick list. Mr. and Mrs. W. E. Dresser are receiving the congratulations of their many friends because of a baby boy who is stopping with them.

News of North Johnstown.

NORTH JOHNSTOWN, Feb. 19.—Rev. I. S. Jones went to Racine City, Ind., last Wednesday and returned on Saturday. About seventy gathered last Wednesday at the home of George Pool to attend the North Johnstown Ladies Aid society. A ten cent supper was served and all enjoyed a good time. Miss Beens of Milton Junction, visited at Mr. Brotherton's last Saturday. Rev. Wellington Jay of Michigan is expected to preach at the Free Baptist church next Sunday. Rev. I. S. Jones visited in Milton last Tuesday. Feb. 25 the Harmony W. C. T. U. have invited the ladies aid society to meet them at the home of Will Bishop to enjoy a candy party. Mr. Gray is quite feeble this winter.

NO LIMIT TO WHITE LIGHT GALL. The Most Brazen Scheme of All Was Tried at E. D. Tallman's.

When Darb Griffin, Jim Nash and Lewis O'Rourke were out on their sewing machine repairing tour, they didn't leave a stone unturned to make the job complete. They called at the home of E. D. Tallman, for instance, and the following conversation took place:

"Is this Mr. Tallman's?"
"Yes."
"Have you a sewing machine, that needs repairing?"
"No."

"Well, I just fixed a machine for Mrs. Wright over here and she didn't have the money handy, so she asked me to step over here and see if you wouldn't pay it and she will send the money over when her husband gets home."

It is as needless to say that the scheme didn't work as to state that the story the gang told was a lie, but it illustrates the fact that the boundary line of the gall of that gang has not yet been located.

BRICK COMPANY SELLING STOCK Wood-Land Company Want to Get Ready For Business.

EDITOR GAZETTE.—The directors of the Wood-Land-Clay Red Pressed Brick Company are making strenuous efforts to sell a portion of their capital stock, which will enable them to erect a plant this coming season. "The outlook for a steady demand for building material was never better, it being the consensus of opinion among the real estate dealers of Chicago that by 1896 the northwest will experience the greatest boom in building that has occurred in her history."

"Therefore, it behooves us to meet this coming demand with a class of goods which we have already demonstrated is second to none upon the market."

"This is a home industry, utilizing home material for the purpose of supplying a home market of 80,000 square miles of unoccupied territory."

STOCK HOLDER.
Feb. 19, 1895.

DR. HORNE RECEIVED A SAD LETTER

The Wife of a Murdered Physician Can't Use Milk Instruments.

A sad letter was enclosed in the mourning envelope that came to Dr. William Horne the other day. Some days ago Dr. J. E. Grace of Weimar, Texas, wrote to Dr. Horne for a set of his milk instruments which the doctor sent him. The letter in question is from Mrs. Grace, who says her husband was murdered on the day that the package arrived, and as she will be compelled to sell all the cows and stock she has no use for the instruments and asked Dr. Horne to take them back. It is needless to say that the request was granted.

"Nothing Venture, Nothing Have."

Rev. John Reid, Jr., of Great Falls, Mon., recommended Ely's Cream Balm to me. I can emphasize his statement, "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mon.

It is the medicine above all others for catarrh, and is worth its weight in gold. I can use Ely's Cream Balm with safety and it does all that is claimed for it.—B. W. Sperry, Hartford, Conn.

BUSINESS MEN TALK INCOME TAX Subject To Be Brought Up at the Association Meeting Tonight.

Janesville business men will talk over the question of the income tax tonight. The subject will be brought up for an informal discussion at the adjourned meeting of the Business Men's association. There are many complaints made that the law does not give people time or sufficient instruction to fill out the blank. In many cases the man who has to fill out the blank and swear to it has not taken an inventory in years. Then it requires an immense of work to get the facts and figures. Then there are doubtless many men in town who will have to pay an income tax to whom no blanks were sent. That makes no difference under the law, however, for you are supposed to write and get one if they don't send it, and then fill it out and get it filled before the time is up.

The meeting of the association tonight is expected to be of unusual interest, for in addition to this discussion, it is expected that the committee on entertainment, consisting of A. L. Kavelage, H. S. Gilkey, L. R. Treat, George D. Simpson, and F. H. Jackson will make their report, outlining some plan for living up to the association. President Vackirk urges that all members attend and make the meeting a lively one.

GAY MASKERS HAD A JOLLY TIME

Light Infantry's "Chinese-Japanese War" Was an Enjoyable Affair.

About fifty couples took part in the masquerade of the Janesville Light Infantry at the Armory last night. Smith's orchestra furnished the music and it was of the highest order. The affair was much enjoyed, one of the features being a party of Chinese and Japs. The Japs were, Bert Nott, Webb Hill, Hugh Glennan, Charles Wright, John Bordner, Lewis Smith, John Koebelia, Joe Cullen, Arthur Huey, Frank Brown, J. W. Powers, Henry Baldwin, Arthur Hodge, and Edward Moore.

The Chinamen were represented by Ray Smith, Herman Zander, Frank Irish, James Root, Bert Totten, Irwin Lawrence, Elmer Powers, Harry Shurtleff, Seeman Peterson, James Cullen, Edward Jones, Walter Lee and Herman Heise.

They gave a street parade with a war-ship float firecrackers and fireworks early in the evening, and attracted much attention. The display was in charge of J. H. Cullen, and he received many compliments for his originality.

It is not a miracle. It won't cure everything, but it will cure piles. That's what De Witt's Witch Hazel Salve will do, because it has done it in hundreds of cases. C. D. Stevens

A Winter Item From a Summer Resort.

The News Comes from Frozen-in Centre Harbor.

On the Shores of Ice Bound Lake Winnebaukee.

The lake which the aboriginal Indians designated "The Smile of the Great Spirit," and which the poet Whittier, has immortalized in song, now presents to the myriad lovers of its summer beauty, a forlorn and dreary waste of ice and snow, over which the biting winter winds from the bleak mountain tops hold high carnival.

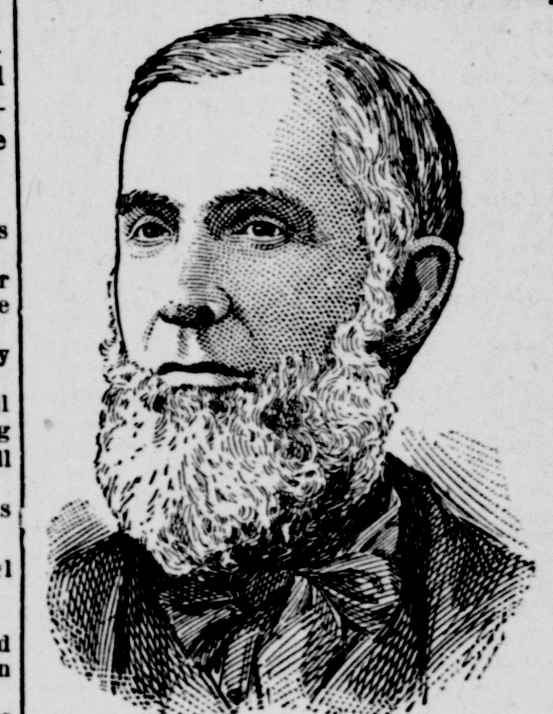

It is a wonderful transformation from the summer lake known to tourists, and, as may be well believed, the chill and nipping air is prolific of those foes to mankind, kidney troubles, neuralgia and rheumatism. Naturally, therefore, a great desideratum in this locality, as well as elsewhere, is how to cure those painful curses of the human race.

One of the old residents here, Simon D. Glines, of Centre Harbor, N. H., a man known all over this section of the country, has solved the question to his satisfaction, and his advice and counsel have done no end of good to those who live in frosty climates.

"It is with the greatest pleasure," he says, "that I offer my testimony and advice for the good of others. I had been troubled with kidney disease for many years. I was afflicted with a gripple, which increased the kidney trouble."

"I was then attacked with rheumatism and suffered tortures. I tried many doctors and many remedies. Everything failed to effect a cure."

"I am now entirely cured of both kidney trouble and rheumatism, and I want to tell the people that I owe my

MR. SIMON D. GLINES.

present good state of health entirely to Dr. Greene's Nervura blood and nerve remedy. After so many years of suffering it has completely cured me, and I would advise all afflicted as I was to give my splendid medicine a trial. I will freely answer all letters of inquiry."

Dr. Greene's Nervura blood and nerve remedy will cure rheumatism, neuralgia and kidney complaints is beyond question. It has been proved again and again, and is always successful. Prominent people as well as those in the humble walks of life, are continually testifying to the remarkable value of this medicine; to such an extent, indeed, that physicians, druggists and the people everywhere, have come to recognize Dr. Greene's nerve and blood remedy as an absolute specific for these diseases—the remedy that can always be depended upon to cure. The spring is the very best time to cure these affections.

Wherever these diseases exist, this grand medicine should be used at once. It is purely vegetable and harmless, and what gives it greater value and the people greater confidence in it, is the fact that it is the prescription and discovery of a well-known physician, the successful specialist in nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York city, who can be consulted free, personally or by letter.

SING IN BURNT CORK TO HELP THE POOR

FEBRUARY 25 IS THE DATE SET- TLED UPON.

Boxes and Some of the Seats Will Be Sold at Auction at the Opera House Saturday Afternoon—Manager Stoddard Gives the Use of the Theatre Free.

Plans for the charity ball entertainment at the opera house were perfected at the meeting of the joint committees last night. February 25 was selected as the date and the performance will begin at 7:30 instead of 8:30 as usual. It was decided to sell the four boxes, the first row of seats in the balcony and orchestra circle at public auction, and Captain Pliny Norcross was appointed the auctioneer, sale to be held at the opera house, at 2:30 o'clock Saturday afternoon.

P. J. Mount and F. S. Winslow were appointed to secure souvenir tickets and place the same in the hands of ticket sellers. Mayor John Thoroughgood, J. B. McLean and W. T. Vankirk were appointed a committee to supervise the general arrangements of the entertainment and C. S. Putnam was authorized to procure the necessary costumes for the company. The price of tickets was put at fifty and twenty-five cents. Alderman Winslow was put in charge of the music.

Manager Stoddard Generous.

Manager Stoddard has written the following letter which was read:

GENTLEMEN:—Considering the object of this entertainment viz., for the benefit of the poor of Janesville, I hereby tender you the use of the Myers Grand opera house for Monday evening, Feb. 25, in running order free of charge. Very Respectfully, Wm H. Stoddard.

The proposition was accepted, and a vote of thanks tendered Mr. Stoddard. Mayor Thoroughgood presided at the meeting and Alderman C. D. Child kept the records. S. B. Smith was elected treasurer and the entire committee were present with the exception of Alderman Heddies and J. P. Baker. Each member of the committee is enthusiastic in the work and determined that the entertainment will be a drawing card, if enthusiastic and harmonious work will make it. The entertainment will be first-class in every detail, and, coupled with the object for which it is given, there should be a large number of tickets sold. It is expected the auction sale of tickets Saturday afternoon will result in plenty of fun as well as netting a goodly sum of cash.

We wish to state to our patrons that One Minute Cough Cure is a safe and reliable remedy for children troubled with croup, colds, hoarseness and lung troubles. It is pleasant to take, and quickly cures. "C. D. Stevens.

A New Drug Store.

On Saturday, February 23, W. G. Palmer & Son will open their drug store at the corner of Milwaukee and River streets, opposite the First National bank, for business. The store room has undergone a thorough renovation, and handsome new fixtures are being placed within. Their goods are arriving daily, and are being put into position, ready for their grand opening on the above date.

Promptness is a commendable virtue. That's why we offer you One Minute Cough Cure. It is prompt in relief and prompt in curing. That is what it is made for. C. D. Stevens.

EVERYTHING SEEMS WRONG to the dyspeptic. The world is upside down; the times are out of joint; he's ready to turn his back upon his best friend.

Now, the thing that oftentimes is wrong with dyspeptics, is their choice of a remedy. There are drugs and medicines on the one hand—the Carlsbad Sprudel on the other. They can't both be right; there's too much difference in their methods and in their results.

Carlsbad—the waters of the Sprudel Spring at Carlsbad have been curing dyspeptics for hundreds of years. Curing them. No remedy in the world has been so thoroughly tried and proved, in all digestive disorders, stomach troubles, lack of appetite, or perverted nutrition. Add a little of the genuine Carlsbad Sprudel Salt to the first tumblerful of the water, if you desire to increase its purgative action.

Do not be imposed upon by unscrupulous dealers who will sell you a mixture of Seidlitz Powder or Glauber Salt as "Improved Carlsbad Salt" or "Artificial Carlsbad Salt," "German Salt," or other names. Insist upon the genuine article, which must have the signature of "EISNER & MENDELSON CO., Sole Agents, New York," on every bottle.

THIS DAY IN HISTORY

1718—Admiral Lord Rodney (George Brydges), who secured British control of a large group of islands in the West Indies, born; died 1792. Rodney followed the sea from boyhood. He served his government as civil and military official in different colonies, and while on the way with a fleet from England to the Barbados defeated a Spanish force off St. Vincent. On the same expedition he defeated a French fleet, and on the breaking out of the war between Great Britain and Holland he was created vice admiral, with the command of the West Indies. In a desperate battle in April, 1782, he destroyed a large French fleet under De Grasse.

1877—Admiral Charles H. Bell, U. S. N., died in New Brunswick, N. J.; born in New York 1798.

1891—Professor Alexander Winchell, famous American geologist, died at Ann Arbor, Mich.; born in Dutchess county, N. Y., 1824.

1894—Joseph Keppler, famous cartoonist and one of the founders of Puck, died in New York city, born 1838. Miss Anna Ella Carroll of Maryland, who claimed to have originated the idea of a campaign against Fort Donelson in 1862, died at Washington, born 1816.

CHARTER AMENDMENTS.

The charter amendment bills now before the legislature are of special importance to Janesville. That more wards, and a more equitable distribution of territory is desirable, will not be questioned. If it were possible by legislative act to eliminate politics from municipal government so that the law abiding and temperate people, regardless of party, could be arrayed against the class that have but little use for law, and less for morality, the "good time coming" would be fully realized.

What Janesville and all other cities needs, is an incentive to induce all parties to place in nomination men who represent a good deal more than the average politician.

If the council and school board could be elected by a vote of the people, it would result in a long stride toward better municipal government. Ward boundary lines should be preserved, but the prosperity and good government of a city means vastly more than the ambition of any particular ward or section. If intemperance or vice is prevalent in any part of the city the united voice of the people carries more restraint than the ambition of a dominant party.

The only objection that will be urged against the bill now pending is the authority vested in the council, but the authority must be placed somewhere and there is no reason why the people should not by their ballots at the spring election select men who are thoroughly competent to assume the responsibility.

As regards the bill providing a salary for the mayor, The Gazette can see no good argument that can be urged against it.

The office is responsible and should always command the best business talent, combined with intelligent and correct ideas of sound government.

Why good men should be asked to devote their time and talent to this kind of work and be satisfied with the empty honor of the position, has always seemed strange, to say the least, to many people.

"Pay the mayor a fair salary for his work and then hold him accountable, the same as any other employe," is the suggestion they make.

WHAT AILS OUR BANKS?

The New York Tribune very truthfully says:

"When some big dry goods house is taking in a million a year more than its expenses, if it wants to borrow at all, it can get money, as a large Chicago firm did within the past half year, at 2 per cent. But if the same house were taking in a million a year less than its expenses, it would borrow with difficulty at a higher rate, if at all. Now the United States has taken extraordinary pains to bankrupt itself. It has crippled its industries for the benefit of foreigners by a change in tariff which cuts off at least a fifth of the earnings of its laboring millions. It has thrown away a revenue of \$79,000,000 derived from foreign manufacturers and traders, the price they most gladly paid for the privilege of selling in the best market of all the world, and instead has tried to raise a smaller sum by taxing personal incomes, the sugar-bowl and the whisky bottle.

It is not a delightful thing to see government bonds selling at 34 per cent while money is loaning at one-half of 1 per cent in London and 1 per cent here on call, and first-rate commercial paper goes at 3 per cent. It is not nice to have the nation pay more for money than individual citizens of good repute, and no such things would be witnessed if the revenues of the government were not far below its expenditures. For February

thus far the receipts are \$6,772,860 and the expenditures \$9,660,889, while two years ago, under the old laws, the revenue for February to date was \$13,176,547. Yet there are some people in Washington who cannot understand why the country should be obliged to pay a big shave when it wants money.

The city of New York floats her bonds for less money than the government is compelled to pay, and Philadelphia has recently placed an issue on more favorable terms, which demonstrates the fact that democracy is a great financier.

A DAY ON THE CITY STREETS

The Black Crook is coming in all its regal splendor, embracing a wealth of superb scenery, gorgeous costumes and glittering armor, together with a large number of libesome dancers and European specialty artists. The dramatic cast is unexceptionally strong, and in fact nothing has been overlooked. Over sixty people are engaged in this superb production.

THERE will be a supper served at the Court Street M. E. church tomorrow night from 5:30 to 7 o'clock. These suppers are too well known to need extra notice. For years they have been generously attended, and the spread this winter falls not a whit behind that of past years. Supper tickets only twenty cents.

LITTLE shoes for little people for very little money, that is what we say. Our Kangaroo calf line is what we talk to you about. Our prices are small sizes \$1.00, large ones \$1.25. They come in calf and patent tips. Don't get led away by some cheap John concern. Brown Bros. & Lincoln.

THE Junior society of Christian Endeavor of the First Baptist church, will hold a sociable Friday evening, Feb. 23. The Senior society has been invited to participate in the festivities, and a royal good time is expected by all.

WE propose to make prices on buggys, wagons, carriages, phaetons and all kinds of farm implements, that will bring us the business. We're not out for profit in '95. It's our first year. F. A. Taylor.

STUDEBAKER wagons stand at the top of the heap, none as good made. By buying very close for cash this season we are enabled to name much lower prices than ever before sold. F. A. Taylor.

ONE of the special features will be the unusual number of European specialties that will be introduced in the splendid spectacle, "The Black Crook" which will be seen here Friday.

WE don't care what kind of a sale you attend, we will give you better goods for less money than you can get elsewhere. See price list. Lloyd & Son.

WHEN you want a buggy, carriage, road wagon or phaeton, don't forget that the celebrated Henney has no equal. Sold only by us. F. A. Taylor.

Most Perfect

In Indian Legislation.

Indianapolis, Ind., Feb. 19.—The house yesterday appointed a committee of five to investigate the charges made in the engrossing of the fee and salary bill passed in 1891, by which it is alleged the bill was made intentionally void. The governor sent a message to the senate demanding a hearing for Alexander Johnson, superintendent of the Fort Wayne School for the Feeble Minded, on the charges against him. The demand was refused. An amendment to the pure food bill permitting oleomargarine to be colored to resemble butter, provided it is stamped plainly, was adopted.

CURES OTHERS

To build up both solid flesh and strength after grip, pneumonia, fevers and other prostrating diseases, there is nothing to equal Dr. Pierce's Golden Medical Discovery.

PROSTRATION FOLLOWING GRIP.

Mrs. REUBEN GARRETT, King George C. H., Va., writes: "I was taken with grip which finally resulted in pneumonia. I was prostrated for three months. Had a terrible cough and was emaciated and very weak. Was fast 'drifting into' 'quick consumption.' The doctor gave me medicines all the time. I grew weaker. He advised cod liver oil emulsion. I took two bottles of it without any relief. I had pain in my left shoulder and back. I wrote you, and you prescribed your 'Golden Medical Discovery.' I took only one bottle and before I felt better. After two bottles I could sit up, and felt I had been saved from the grave. I increased rapidly in flesh and strength."

STOCK ON A SPECIAL GOES OUT TONIGHT

FINEST LOT THAT EVER LEFT JANESVILLE.

Shipment Will Be Made by Dawson & Charlton—Dancing Party Tonight Takes the Place of the Charity Ball—Other News From About the Town.

A special train loaded with the finest shipment of stock that ever left Janesville, will roll out of the C. & N. W. yards tonight. Dawson & Charlton are the consignors, and the shipment that was concentrated here came from all parts of Wisconsin. The first lot that were unloaded consisted of one hundred and three head of as fine cattle as ever "graced a meat market," as Mr. Charlton expressed it, and as for sheep, no finer ones were ever raised. Two out of the lot were extra fine, weighing six hundred and twenty pounds.

The managers of the dancing party to be given tonight kindly came to the relief of the managers of the charity ball who had engaged the orchestra and the armory for tonight, by taking the contract from their hands. Therefore they ask everyone to "ask the same girl" that they had intended to take to the charity ball, to come to their party tonight.

Wise women welcome the Goodyear glove rubbers. They are fine as silk, soft as down, light as air. They are in the superlative degree every way. Don't let some calf talk you into taking one just as good. You might as well have the best. Brown Bros. & Lincoln.

BYRNE CASE IS UP BEFORE THE BAR

LAWYERS SAY HE ISN'T ADMITTED TO PRACTICE.

County Association At their Meeting this Morning Discussed the Subject of What to Do With Him at Some Length—Old Officers Were Re-Elected.

Members of the Rock County Bar Association spent much time this morning discussing the question how to "remove" William Byrne, who persists in practicing law contrary to the statutory rules and regulations. It seems Mr. Byrne has never been admitted to the bar, and it is very uncertain whether an application from him would be favorably considered. However this may be, the bar found after they had elected officers this morning, that this question had drifted before them. No one knows just how it was brought up but Byrne had few or no defendants, and it was finally determined to put the case before the grievance committee, by whom it will be presented to the court at the next term for settlement.

Mr. Byrne, according to law, is liable for contempt for styling himself an attorney and for practicing, without having been duly admitted to the bar. He is also liable to a heavy fine and imprisonment. The association elected the old officers as follows, and then adjourned until March 12.

President—William Smith.
Vice President—E. M. Hyzer.
Secretary—E. D. McGowan.
Treasurer—M. M. Phelps.

JOLLY PARTY AT PERCY MCGEE'S

Two Sleigh Loads of Young People Make Merry With Him.

Pearl Dean, George Garlock.

Passed Resolutions of Respect.

At a meeting of Oriental Lodge No. 22, Knights of Pythias, the following resolutions on the death of Mr. George C. McLean were passed:

WHEREAS, It has pleased Almighty God in His sovereign will and pleasure to remove from us by death our beloved brother Knight and companion in arms, George C. McLean therefore

Resolved, That in this affliction we bow in submission to the will of Him in whose hands are the issues of life and of death, and humbly pray that through this sorrow we may be led to a higher appreciation of life and its duties.

Resolved, That in the departure of our brother we mourn the loss of a brave man, a watchful friend, a prudent counsellor, and one who by his gentle ways, his knightly spirit and courteous bearing, had endeared himself to us as brethren and exemplified to our order the real virtues of a true Knight, "Sans peur et sans reproche."

Resolved, That our deepest sympathy is hereby extended to the family of the deceased, and our prayer is that God may show forth to them all His tender mercy and the consolation of His loving kindness.

Resolved, That a copy of these resolutions be sent to the family of the deceased and that the charter of this lodge be draped in mourning for a period of thirty days.

BENEATH A BURDEN OF SORROW

Luther Clark.

After a long and a brave struggle for life, Luther Clark breathed his last at his home at 12:30 o'clock this morning, aged 69 years. There were few men in Janesville who were better known than Mr. Clark. He had been engaged in the business of contracting and building for many years, during which time he made for himself a reputation as a man as well as a mechanic. He was popular with all classes; his employees admired him for his generosity and complete knowledge of his business, while the men who employed him knew him as a thorough business man, worthy of the fullest confidence and appreciation of the smallest friendliness or favor. Mr. Clark had been sick for several months with a cancer of the bowels, and despite the best of medical attention and his own iron will, the disease gradually did its work and the end came.

Luther Clark was born on what is known as Pompey Hill, Oswego county, New York, in September, 1826, being the son of Samuel and Charlotte (Whitney) Clark. His father was born in New Hampshire and his mother was a native of the Empire state. Until Mr. Clark was sixteen years of age he was an invalid. In 1844 he first came to Janesville, where he remained three years, then returned to Rochester, New York, in which city he learned the carpenter trade. On March 21, 1849, he married Miss Sarah A. Osborn, daughter of Farr and Sarah (Hammond) Osborn, who survives him. In the autumn of the same year he returned to this city accompanied by his bride. He worked at his trade for several years, when he began contracting and many fine residences and business blocks in this city stand as a testimonial of his efficient labor. Mr. Clark built the Court Street M. E. church and superintended the building of the old Hyatt house and was at the time of his death one of the contractors of the new high school building. Mr. Clark leaves behind to mourn the loss of a loving husband and father a wife and two sons, the latter being Dr. Charles L. Clark and Clarence L. Clark, manager of the Water Company. To the deeply afflicted wife and family the heartfelt sympathy of the whole city will pour out. Luther Clark was a friend to all and everybody his friend. A thorough christian, the church of which he was a member will miss him, hundreds of our citizens will miss him, and while his loss is mourned it can be truly said, he is not away but simply gone before. The funeral will be held from the home, 152 Locust street, on Thursday afternoon at 2:30 o'clock.

Funeral of Fred D. Arnold.

The remains of little Freddie D. Arnold, the two year old son of Mr. and Mrs. Fred D. Arnold, arrived from Fildel, Wis., at 5:30 o'clock last evening and were taken to the home of the grandparents, Mr. and Mrs. Josiah Arnold, 155 Wisconsin street, where the funeral was held this afternoon at 2 o'clock. The services were conducted by Rev. A. H. Barrington, after which the remains were taken to Oak Hill for interment.

Funeral of Mrs. Ann Moie.

The remains of Mrs. Ann Moie were buried in Oak Hill this afternoon. Funeral services conducted by Rev. Andrew Porter, of the First M. E. church, were held at the home of her daughter, Mrs. James McDonald, at 2 o'clock.

He Pleaded Guilty to the Charge of Stealing A. D. Hendrickson's Watch this Morning and Took the Sentence of the Court Very Coolly—Other Court News.

For the next year Lewis O'Rourke, alias "Biddy," will make his headquarters at Waupun prison, his term beginning this afternoon.

He waived examination on charge of larceny, and when brought into court this morning pleaded guilty, whereupon Judge Phelps sentenced him to Waupun for one year. O'Rourke took the sentence as a matter to be expected, and appeared rather indifferent concerning his future. He was taken to prison by Sheriff Appleby at noon. His crime, it will be remembered, was stealing A. D. Hendrickson's gold watch, valued at \$150.

George Welsh and Frank Webster, alias "Black Horse Frank," were arrested on River street, last night, by Patrolman Hogan, they being in a beastly state of intoxication. They were arraigned in the municipal court this morning charged with drunkenness and both pleaded guilty, whereupon Judge Phelps gave them five days each with Sheriff Appleby.

Two burly tramps applied at the jail last night for lodging and were accommodated. They were big strapping fellows six feet tall and Turnkey North and Sheriff Appleby recognized one of them as a man who had just served thirty days for an offence committed at Beloit some time ago.

Hats and Spring Clothing.

We have received a great share of our spring clothing and are busy unpacking and marking, but not too busy to wait on you. We have also received the new styles of spring hats which are as follows: The leader of them is the Miller. Then comes the Reeloff & Co's. Yeoman shape, in three dimensions of black and brown—one of the handsomest hats of the season. Then the Wesley, an English flat top hat, and Colfax & Co's. London hat, the new English shade—almost a chocolate color. We have the best selection of hats in the city. See display in large show window tomorrow. The price, style and quality will please you.

The above are all stiff hats. We will, tomorrow, display all the new shades and shapes in Fedoras in same window.

The Keystone of the Arch
In the edifice of health is vigor, which means not merely muscular energy but an active discharge of the various functions of the body such as digestion, secretion of the bile, the action of the bowels, the circulation of the blood. Nothing more actively and thoroughly contributes to the united performance of these functions than the renowned tonic and regulator, **Hostetter's Stomach Bitters**. The result of its use is a speed, gain in strength together with the agreeable consciousness that the system of life is being strengthened—that one is laying up a store of vitality against the unavoidable daughts which old age makes upon the system. The fortifying influence of the Bitters contribute a reliable safeguard against malaria, rheumatism and kidney trouble. Appetite and sleep improve through its use, and it protects the system from the effects of cold and damps.

A NARROW ESCAPE!

How it Happened.

The following remarkable event in a lady's life will interest the reader: "For a long time I had a terrible pain at my heart, which fluttered almost incessantly. I had no appetite and could not sleep. I would be compelled to sit up in bed and belch gas from my stomach until I thought every minute would be my last. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I couldn't sweep a room without sitting down and resting; but, thank God, by the help of New Heart Cure all this is past and I feel like another woman. Before using the New Heart Cure I had taken different so-called remedies and been treated by doctors without any benefit until I was much discouraged and disgusted. My husband bought me a bottle of Dr. Miles' New Heart Cure, and am happy to say I never regretted it, as I now have a splendid appetite and sleep well. I weighed 125 pounds when I began taking this remedy, and now I weigh 130 lbs. Its effect in my case has been truly marvelous. It far surpasses any other medicine I have ever taken or any benefit I ever received from physicians." Mrs. Harry Starr, Gettysville, Pa., October 12, 1892.

Dr. Miles' New Heart Cure is sold on a positive guarantee by all druggists, or by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of \$1 per bottle, six bottles \$5, express paid. This great discovery by an eminent specialist in heart disease, contains neither poisons nor dangerous drugs.

WHAT BABY WILL GET THE GAZETTE'S \$500

THAT IS THE PRIZE TO BE
AWARDED JUNE 1.

The Brightest, Sweetest and Loveliest Child in the City Will Be Given Five Shares of Paid Up Stock in the Rock County Building & Loan Association.

The sweetest, brightest and loveliest baby in Janesville gets \$500 from The Gazette June 1.

Whose is that baby?

That question sounds easy.

As if there was the least doubt whose baby is the loveliest," says every proud mother looking at her own olive branch. And that's the trouble. Talk it over until Christmas you may but never expect to get a convention of mothers to agree on the baby question.

For the benefit of jealous parents, anxious aunts and uncles and proud brothers and sisters of older growth, however, the matter should be settled. And settled it is to be.

How?

Why not by vote?

That plan seems the fairest and most satisfactory—the safest too, for who would dare judge among the hundreds of dimpled darlings that grace the Bower City. A vote will decide, therefore, and all Janesville may cast their ballots. Three months from the day the polls open a \$500 block of stock in the Rock County Building Loan and Savings Association will be turned over to the infant with the strongest "drag," as politicians would put it.

Five hundred dollars.

A handsome nest egg for any infant.

Put out interest until the little one reaches maturity and it swells to proportions even more impressive. And in building association stock with all dues paid it is in very desirable form.

The association selected is known to everybody in the city. These are the officers and directors who testify to its solidity. These are the men:

President—Samuel C. Cobb.

First Vice President—Alex. Graham.

Second Vice President—W. H. Judd.

Attorney—Charles E. Pierce.

Secretary—George L. Carrington.

Treasurer—Isaac Farnsworth.

Directors—S. C. Cobb, Alex. Graham, Dr. William H. Judd, L. S.

Reynolds, Miss Lizzie Paterson, James E. Field, George L. Carrington, E. W. Lowell, S. B. Lewis, Archie Reid, F. M. Marzuff, H. F. Bliss.

These officers and directors stand behind every share of the association's stock. Five shares of this stock is now in the association's keeping subject to the Gazette's order. Polls will be open in the Gazette office March 1 and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office. Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

Doubt About Insurance.

Insuring in a questionable company is like depositing in a shaky bank. Both concerns may pull through, but why take the risk? Read this list:

Royal Insurance Company	Net Surplus, \$2,185,842.
Buffalo German	Net Surplus, \$1,005,549.
New Hampshire Fire Insurance Company	Net Surplus, \$ 434,639.
Traders' Insurance Company	Net Surplus, \$1,233,566.
Commercial Union Assurance Company	Net Surplus, \$ 838,883.
Northwestern National Insurance Company	Net Surplus, \$ 401,889.
Pennsylvania National Fire Insurance Company	Net Surplus, \$1,290,174.

All these Companies are Represented in my Agency.

The figures quoted suggest Safety, Reliability and Ample Protection. These are points worth considering.

Hundreds of people who are impossible to satisfy elsewhere--few at a time--have lately become acquainted with

OUR NEW KIND OF PRICES, LOWER ALL THE TIME.

We confess we're rather impatient; we should like more hundreds of them to realize all of a sudden that here are the sort of

GROCERIES

that they try to get with varying success. But bear in mind how slow all growth has been since the world began and so we wait and keep on advertising. Only let us say this thing we desire so much is as much for your good as for ours.
